More Information at [LDCHealth.org](http://LDCHealth.org) and [douglascountyks.org/coronavirus](http://douglascountyks.org/coronavirus)

- Beginning this week, the moving average graph does not include the most recent three days to allow lab results for those dates to be completed and ensure a more accurate calculation of the moving average for these data points.
- Dr. Jennifer, Schrimsher, infectious disease specialist at LMH Health, [in this video](#) discusses encouraging trends in Douglas County data recently and says residents can help keep it up by masking up, spreading out and taking other precautions moving forward.
