SurveyID	Comment
1253721	Grade level is not always a good indicator of good behavior.
1254211	Avoid walking due to strangers, weather, traffic.
1254230	"AMA+"
1253760	Next to #9: He could bike all grades. I would bike with him K-2. In the spring, I would be happy to do a "bike safety" class for kids who bike to/from school (or point you to a team who could). Kids should NOT be allowed to show up without a HELMET. It is ILLEGAL!
1253989	I trust my son to walk to school alone but i don't trust other people. There are two cars down our street that drive too fast on school morning. We have no sidewalk down my street.
1254220	He walks with older brother.
1253730	I would allow her to walk even if it were a group of children, I just don't feel comfortable with her walking alone.
1253944	(only lets child walk to school with her & worries about sex offenders in the area)
1253972	(question 6: child walks OR is driven to school)
1254244	We wish there was the option to walk to/from school.
1253728	New York Elementary needs crossing guards on Connecticut! Have family that goes there
1254233	Our kids could walk by themselves if a sidewalk was provided on Edgelea Rd.
1254238	One major issue that keeps me from letting my oldest walk alone is that my youngest is only in K. I don't feel it is OK for my youngest to go w/o an adult.
1253976	I believe their should be busing available for kids who live closer than 2.5 miles. In this day and age it is not safe for girls to walk to school.
1254033	I am in law enforcement. I don't leave my purse in my car and I don't let my child walk/bike unattended.
1253948	I worry about predators and bullies. People drive entirely too fast down residential roads.
1253998	I have concerns regarding bullies, I've seen kids getting picked on an intervened. I have concerns regarding predators.
