To do so, you must complete a specific form providing information needed to process your request. If you request copies, we may charge a reasonable fee. We may deny you access in certain limited circumstances. If we deny access, you may request review of that decision by a third party, and we will comply with the outcome of the review.

Right to Request Amendment. If you believe your records contain inaccurate or incomplete information, you may ask us to amend the information. To request an amendment, you must complete a specific form providing information we need to process your request, including the reason that supports your request.

Rights Relating to Electronic Health Information Exchange. The LDCHD participates in electronic health information exchange, or HIE. New technology allows a provider or a health plan to make a single request through a health information organization, or HIO, to obtain electronic records for a specific patient from other HIE participants for purposes of treatment, payment, or health care operations.

You have two options with respect to HIE. First, you can permit authorized individuals to access your electronic health information through an HIO. If you choose this option, you do not have to do anything. Second, you can restrict access to all your electronic health information (except access by properly authorized individuals as needed to report specific information as required by law). If you wish to restrict access, you must complete and submit a specific form available at <http://www.KanHIT.org>. You cannot restrict access to certain information only; your choice is to permit or restrict access to all your information.

If you have questions regarding HIE or HIOs, please visit <http://www.KanHIT.org> for additional information. Your decision to restrict access through an HIO does not impact other disclosures of your health information. Providers and health plans may share your information directly through other means (e.g., facsimile, or secure e-mail) without your specific written authorization.

If you receive health care services in a state other than Kansas, different rules may apply regarding restrictions on access to your electronic health information. Please communicate directly with your out-of-state health care provider about what action, if any, you need to take to restrict access.
